Awesome as every ESJ.

New songs are addictive as ever.. If you already own this game then this is everything you could want more for this game, it adds a complete new chapter to the level list of ESJ and perhaps we get to know where your butt REALLY is.. Great DLC:

- 15 brand new levels with some new mechanics
- new achievements
- new Pope
- THE SACRED PUDDING

Do you really need something else wanderer?. Thanks to that new extension i've been able to shake my butt at unprecedented levels. I'm up to 80 SPM (Shakes Per Minute) and rising. Thanks Michael Todd.. F&#KING LASERS. This DLC was not fun at all.. More content for a great game at a low price. What's not to love?. ESJ - A Hot Sticky Mess DLC

~Awesome Soundtrack (As always)

~Awesome Level Design

~Awesome new gameplay stuff

~More Challenging than the base game

~Less Blasphemy

~MORE Blasphemy

All in all, this is an awesome DLC.

\u2605\u2605\u2605\u2605\u2606 (4/5). If you wanted more of a challenge out of the base game then you will absolutely love this DLC, it plays around with level design in ways that are almost as entertaining as they are frustrating. There are several places where you will need to be quick, with little to no margin for error. The different level designs are very refreshing and fun to run around in. This content delivers a new experience to the game rather than just contributing new levels.
